## W. C. T. U. Department.

This column is conducted and under the entire supervision of the Women's Christian Temperance Union of Versailles.

### Three Things Needed

First—We very much need more fidelity in any Union, and ability to give in a few words, our purpose in life, so to speak. A woman who has only one white ribbon and forgets it one day and don't know where it is the next, and prefers not to wear it on certain occasions, has no pride in her Union and is an unprofitable servant. Be proud of your ribbon, wear it always and be able to say with truth that it stands for paid up dues.

Second—We need more fellowship with those who are under the blight of our nation's curse. It is one thing to be shocked, ashamed and disgusted with the behavior of drunken men and women; it is quite another thing to help them in a hand to hand fight against the appetite and the temptation, "Be ye separate." "Touch not the unclean thing," they have each their meaning for Christian women, have we the full meaning of "Bear ye one another's burdens and so fulfill the law of Christ."

Third—We need the more sympathetic co-operation of the ministers. Don't think for a minute that they oppose our work or that they do not cheerfully make any announcements we ask them to make. "These ought

ye to have done," but we need that they know more of our every-day doing, that they drop in at our regular meetings once in a while; once in a long while if you will, but once a year at least. Is it to much to ask? And we need more prayers, they pray for us at public gatherings but we need more than that; we need that they ask God's blessing on the W. C. T. U. at each Sunday service, with just as much fervor as they ask His blessing on the powers which uphold the liquor traffic.

### Love and Intemperance.

Let us think what the law of love will do for the temperance cause. Love for our country will make us honor its rulers, obey its laws, and get them obeyed by others. Yet in almost every city, town, and village in our land the laws are broken by liquor and cigarette-selling to minors. Girls and boys who love their country will not buy at drug and confectionary stores which sell these things, and will do their duty by reporting cases they know of where the law is broken.

The law of love will keep all of God's commandments. We would not think of killing, robbing, or injuring in any way one whom we love. But Leon Czolgosz learned his first lesson against his country's rulers in his father's saloon, and a Buffalo saloon was his home while waiting to kill his country's president.

Love worketh no evil to his neighbor, but strong drink works nothing but ill.

The Young People's Reading Circle will meet at the home of Carl and Arthur Duff Saturday evening at 8 o'clock.

The Loyal Temperance Legion will meet at the Presbyterian Church Friday afternoon at 2 o'clock. Children come and learn something to your interest.

The W. C. T. U. will meet every two weeks on Wednesday afternoon at 3 o'clock at the Baptist Church.

### Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Witten Drug Co.

### Post-Dispatch Special Articles.

The St. Louis Post-Dispatch proposes to run a series of Special Articles from a staff correspondent, who will travel throughout the entire state of Missouri. The stories of human interest will be gathered and reproduced by him in the Daily Post-Dispatch.

This series will be a valuable contribution to the history of our grand old state.

The articles will be characterized by good literary style, and will not only be highly entertaining but will contain valuable information.

This announcement is made now, in order that the public may arrange to have the Daily Post-Dispatch served either directly, through the mail or by the news agent or carrier.

It is recommended that these articles be clipped out and arranged in scrap book for permanent preservation.

For a lazy liver try Chamberlain's Stomach and Liver Tablets. They invigorate the liver, aid in digestion, regulate the bowels and prevent bilious attacks. For sale by Witten Drug Co.

### Corn Exhibit.

The Missouri World's Fair Commission will demonstrate the greatness of Missouri as a commonwealth where corn is king. To this end it is proposed to organize a preliminary corn show in every county in the State at which cash prizes for corn will be offered and a final State show at some central point where State prizes upon all counties will be awarded. In the county shows the sum of \$50 is set aside for prizes. J. O. Allison is chairman of the commission's committee on agriculture and H. J. Walters is superintendent. County prizes will be awarded as follows:

Class A, white corn, first prize, \$10; second prize, \$5; third prize, \$3.

Class B, yellow corn, first prize, \$10; second prize, \$5; third prize, \$3.

Class C, mixed corn, first prize, \$5; second prize, \$3; third prize, \$2.

For the collection of ten largest ears, the sum of \$2.

For the collection of the ten longest ears, the sum of \$2.

The sum of \$1,000 will be offered by the commission in State prizes. Details of the show will be announced later.

The meeting of the Missouri commission, at which this special award for corn prizes was determined upon, was held Friday in St. Louis. Members of the commission present were: M. T. Davis, Springfield; L. F. Parker, St. Louis; F. J. Moss, St. Joseph; B. H. Boufoay, Unionville; D. P. Stroup, Lakeview; N. H. Gentry, Sedalia; J. O. Allison, New London; W. H. Marshall, Morehouse, and J. H. Hawthorne, Kansas City. Capt. Frank Gaennie, executive officer, and B. K. Blair, secretary, were present also. H. J. Walters, superintendent of agriculture; L. A. Goodman, superintendent of horticulture; H. H. Gregg, superintendent of mines and metallurgy, and Walter Williams, superintendent of publication made reports from their departments. W. W.

Rev. W. L. Riley, L. L. D. Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Chamberlain's Pain-Exterminator, the first application giving me first relief, and the second, entire relief. I can give it unqualified recommendation. 50c, 50c and \$1.00 at Witten Drug Co.

### Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a sure cure is certain. For sale by Witten Drug Co.

### Beyond all Comparisons.

One of the many factors contributing to the remarkably rapid and solid growth of St. Louis is the marvelous development of the Southwest and other territory tributary to that city in all lines of trade. In 1904 there will be held the greatest World's Fair in the world. The presidential campaign will also take place. To keep informed with the whole world you should subscribe at once for that peer of newspapers, The Twice-a-week St. Louis Republic. It is indispensable to the farmer, merchant or professional man. Its telegraphic and cable service exceeds that of any other paper. It prints the news fully; not imaginative occurrences but domestic and worldwide facts. It is Democratic in politics, but distinctly a national newspaper and family journal. The subscription price of \$1.00 gives you two papers each week, 104 papers a year.

The following unique advertisement appeared recently in the columns of Portland (Me.) Argus: "Stole or run away—been loose him but two tree weeks, hees almost black and white dog him tail cut off pretty close to my body somebody find her I belong to him keep it. Joe Bordenia."

About eighteen months ago Mr. W. S. Manning, of Albany, N. Y., widely known in trade circles as the representative of the Albany Chemical Co., was suffering from a protracted attack of diarrhoea. "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," he says, "and obtained immediate relief. I cheerfully recommend this medicine to those similarly afflicted." Sold by Witten Drug Co.

### MRS. L. S. ADAMS.

Of Canton, Texas.  
"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered nerves, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great woman's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not learn to get well today? All druggists have it in bottles. For my stomach, liver or bowel disorder "The Food's Black-Draught" should be used.
